INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, presents to subscribers and the general public, this, the latest edition of the Cherryville City Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Cherryville's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, home owner symbol, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

847293

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference as perpetual and reliable advertisements.

The Directory Library

Through the courtesy of the publishers of the City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

CHERRYVILLE HISTORY

Cherryville was known in the 1700's as White Pines. The present name, Cherryville, was originally suggested by Ephriam Black, a member of one of the early families to settle in this area. Officials of the Carolina Central Railroad, later the Seaboard Coast Line Railroad, liked the suggested name. It did describe the little village with the cherry trees along the roadways and lanes and so the name was adopted. In 1881, the name Cherryville became official.

The land on which Cherryville now stands was settled in 1762. Members of the Black family, Scotch-Irish by ancestry, first settled in Pennsylvania. In 1750, they made their way to North Carolina.

Governor Samuel Ashe of North Carolina made the original grants of land in and around Cherryville in 1792. Although one of the oldest cities in Gaston County, Cherryville was not incorporated until 1881.

The Old Post Road, a famous landmark in Cherryville, served as a main thoroughfare between Charlotte, North Carolina and Spartanburg, South Carolina during the 18th century. It was one of the principal connections between Washington, D.C. and some of the most important points in the south. Henry Summit's Cross Roads Store was established on this famous road in 1853.

Gaston County, in which Cherryville is located, was named in honor of William Gaston of New Bern, North Carolina. The Hon. William Gaston served as a member of the Continental Congress and later was an Associate Justice of the Supreme Court. Gaston County was settled during the last half of the 18th century by Scotch-Irish, Germans And Dutch. Agriculture was the only industry for a number of years. In 1846, the first manufacturing plants were built. These were located along the streams, for water power, which turned the machines.

In the short period of 75 years--from the Old Post Road and the first cherry trees--Cherryville has grown into a young and virile industrial city.

Specialist or Jack-of-all-Trades?

More and more our graduate schools are preparing young men and women for the "Age of Specialization": Scientists who will specialize in a single segment of one part of the complex world of science; Doctors who concentrate in one particular field of medicine; Lawyers who devote themselves exclusively to one branch of the law; Accountants who pursue the special problems of tax legislation.

The jack-of-all-trades can no longer give satisfactory service if he tries to cope with all of the problems in any particular field. Specialization has become almost mandatory as the horizons of knowledge continue to expand.

We, too, are specialists. We specialize in two fields—savings and home loans.

Today, savings and loan associations provide the facilities where over 50,000,000 people save their money with safety and profit.

Today, savings and loan associations make more home loans than all other financial institutions combined.

This specialization provides better services for you and the people of your community.

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1. An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2. A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3. A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4. A *"Yellow Section"* or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5. A *Statistical and Historical Story* of your city; plus miscellaneous other information.
